

**2017-18 Year 7 Catch Up Premium for Literacy and Numeracy**

During this academic year Old Park School received £3,500 from the Yr 7 Catch Up Premium. This additional funding was spent supporting 7 pupils' needs and tracking their progress. Class teams are made aware of this additional funding and are involved in the professional discussion around the best impact for its expenditure.

**Impact of this funding:**

Data from July 2018 shows that the majority of pupils are making outstanding or exceptional progress. The premium will be used to support specific areas of the curriculum for those pupils who require an intervention.
