How it Works

Each term, support your child to pick the homework they wish to complete, aiming to collect at least5 stars in total.

Homework Pick and Mix

Form 2 Autumn 2023

My Communication	My Thinking	My Well-being	My Body	My World
Use your method of communication to request a motivating object or activity.	Go for an Autumn walk. Collect some leaves, sticks, conkers or acorns in lots of different colours.	Show you are enjoying an activity by smiling, laughing or body move- ments.	Enjoy a physical interaction with a family member e.g. massage, sharing a favourite item.	Spend time in the garden or another outdoor space. Listen to the sound of the wind & the rustle of leaves.
Use your communication method to ask for more, or to say you have finished.	With the items you've collected on your walk, create a collage.	Share a favourite activity with a member of your family or friend.	Engage with a physical activity at home e.g. stretching, standing or physiotherapy exercises.	Visit the shops or another busy place. Listen to the noise & show awareness of other people.
Show a preference or make a choice at a key time in the day e.g. to choose a snack, a song or a piece of clothing.	With support, sort objects into differ- ent Autumn colours.	Take turns with a friend or family member to play a game.	Take part in a special activity such as visiting a swimming pool, sensory room or having fun at the park.	Visit a building or outdoor space with unusual sounds e.g. echoes, si- rens, the sound of water. Respond to these noises.
